

Colorluminator™

About Colorluminator™

The Colorluminator began as the selected by the Science Teachers' Association of NSW to represent around the world.

Pathfinder Systems Australia and international markets for this be made in support of people with vision-loss.

It's Use & Efficiency:

- Produces luminance contrast and luminous reflectance reports quickly and easily.
- Signs
- Tactile Indicators
- Door jambs
- Tristimulus colorimeter photometric device
- Calculates luminance contrast to the AS1428 2009 and major international standards

A Redeemer Baptist School student initiative & Pathfinder Systems Australia project

“At last, an easy-to-operate, accurate and affordable luminance contrast reading instrument that takes away the guesswork on site.”

Mr Celestine McCuskey, Principal of Pathfinder Systems Australia P/L June 09
